

## U-BOATS TRIED TO MINE U. S. DESTROYERS

### GIVES PROOF OF SPY ACTIVITIES

Berlin Knew U. S. Destroyers Were On Way 4 Days Before Arrival

### U-BOATS MINED HARBOR

Admiral Sims Reports Incident To Washington—States His Information Is Positive

### KEEP DESPATCH SECRET

WASHINGTON, May 25.—Four days before the American destroyer flotilla arrived abroad Berlin knew it was on the way and to what port it was going and the day before the vessels steamed into Queenstown, German submarines had strewn mines about the harbor entrance.

This startling information, revealing that German spies not only still are at their work in this country but that they have a swift and sure means of communicating America's war secrets to the fatherland, came to the navy department today in a cablegram from Rear-Admiral Sims at London.

The admiral said his information was positive. His despatch was not made public and for obvious reasons nothing will be given out concerning how the news came into his possession nor about the precautions which defeated the German plans and enabled the flotilla to speed safely thru the mine fields.

Immediate publicity was given the salient fact, however, the department making clear that its purpose was to let the people know of the activity and success of Teutonic spies and to emphasize the necessity for absolute secrecy in connection with naval operations or shipping movements. The destroyers now aiding in the hunt for submarines in European waters under the direction of Admiral Sims put into port at Queenstown on May 16. How long they were in crossing the Atlantic or from what port they sailed never has been announced and until word of their arrival came by cable only a few people in the United States even knew of the government's determination to send warships to Europe.

No official word comment tonight on the possible means by which the news was conveyed to Germany. It did not go from a secret wireless plant, it must have been carried in some despatch that the allied cable censor passed as innocent.

**Will Redouble Vigilance.** The result will be to redouble the vigilance of the censors and of every agency of the government engaged in rooting out the spy system. Every German known to have been connected with the espionage work of his government already is under arrest or under surveillance. Other arrests may follow at any time and now that the country is at war and the revelation of its secrets may mean death to its sailors and soldiers, swift punishment undoubtedly will be dealt out to any convicted spy.

Men now in custody operated when the United States was a neutral. Spying now is a different thing and is likely to lead to the gallows instead of to comfortable detention quarters. In announcing Admiral Sims' despatch, the navy department, thru the committee on public information said:

"The department calls attention to this fact as proof that the German spy system is still at work in this country, making imperative the need of secrecy in connection with our naval operations. The premature publication of ship movements is particularly a source of danger."

### HIGH PRICES CHECK DISTRIBUTIVE TRADE

NEW YORK, May 25.—Bradstreet's will say tomorrow: "Distributive trade lags under check reins imposed by inordinately high prices, particularly of food, unseasonably cool weather and the practice of economy, but the country's leading industries, confronted as they are by demands that seem in satiable demand to new high ground while the crop situation has taken on a better color and the stock market reflects more confident optimism. Moreover, evidence developing from day to day indicates that the industries instead of getting a respite from overwhelming activity, will undergo further straining to care for the needs of war."

"The iron, steel, textiles, fuel, lumber, shipbuilding and machinery trades looms large in point of activity, with the signs pointing to even greater pressure. Car shortages still cause complaint, the lumber, flour milling and coal industries being especially hampered. Bank clearings \$5,619,593,000, an increase of 20.9 per cent over last year."

### AMERICAN COMBATANT CORPS GOES TO FRONT

Capt. Tinkham and Lieut. Scully Lead Men

Other Contingents Cheer Americans, Consisting Chiefly of Cornell Undergraduates, As They Leave for the Aisne Battlefield.

From a Staff Correspondent of the Associated Press, Grand Headquarters of the French Army in France, May 24.—The first American combatant corps went to the front today under Captain E. I. Tinkham and Lieutenant Scully of Princeton. Captain Tinkham won the war cross at Verdun.

Other Contingents Cheer.

It was a proud moment when the first detachment of the American field service, consisting mainly of Cornell undergraduates, departed for the Aisne battlefield. They were armed with carbines, attired in khaki and drove American five-ton motor cars. As they left the Stars and Stripes, floating over the Cantons, spread out in the breeze and other contingents cheered them on their way. Clarence Mackay presented the camp with the American flag which now flies beside the Tri-Color. The correspondent of The Associated Press watched other American sections drilling in preparation for active participation in the fighting. Among them were detachments from Andover, Dartmouth, Harvard, Johns Hopkins, Yale, Chicago and Williams colleges, while a large body from Princeton was awaiting organization. Lieutenant Daly, captain of the Yale football team of 1916, and Lieutenant Taylor of New York, were busy putting one section into shape while Lieutenant Kennedy superintended another.

Name Tutors of Americans.

French officers and Lieutenant J. W. Ostheimer of Philadelphia, who won his rank in the French army in which he enlisted at the outbreak of the war, have been appointed instructors of the Americans at the Central Training school. Some sections are drilled according to the French method and others according to the American. All officers attached to the corps express the utmost satisfaction with the men, who display readiness to perform any task. They are all strong young men, many of them civil engineers and they show an adaptability to meet any circumstances. Most of them intended to serve with the American ambulance but selected the fighting corps after the United States decided to enter the war. They have all been undergoing some of the hardships of campaigning, sleeping in tents in the forest or in the open, but they know that this war is no parade and entails the hardest and most trying work day and night with many privations.

Change Hours of Meals.

The military fashion of taking meals in France has been somewhat changed to meet the requirements of the Americans. Breakfast which is scanty for the Frenchmen, has been augmented and the hours of their meals have been modified. A French officer of high grade told The Associated Press correspondent that the arrival of the Americans was greatly appreciated and that he was confident that they would render an immense service to the Allies.

### DEBATE SIZE OF NATION'S TAX BURDEN

WASHINGTON, May 25.—The size of the nation's tax burden for the first year of the war was debated today by the senate finance committee without reaching a final decision. All members are said, however, to regard material reductions of the house revenue measures \$1,800,000,000 total as necessary and certain. Consensus of opinion in the committee apparently favors a total of between \$250,000,000 and \$315,000,000. Several tentative plans are under debate. Among them is reduction or substitution of a new tax system for the house levy of five per cent on the automobile and other industries. Committee sentiment is said to be strongly against what has been termed the house taxation of special industries.

Adoption with little change of the income tax schedules of the house bill other than the retroactive provision is said to have been virtually decided upon by the committee.

### CALL ON WOMEN TO HELP IN REGISTRATION

WASHINGTON, May 25.—The women of America have been called upon by the National Defense Council to help in making registration day, June 5, "a heroic festival worthy of the greatness of the undertaking." The call went out from the council's women's committee headed by Dr. Anna Howard Shaw and was issued at the request of Secretary Baker. In the statement to the state divisions of the women's committee for widespread publication Dr. Shaw says:

"It is good to serve and the nobler the cause the more the reason to rejoice. What nobler cause than to give all that and more humanity may enjoy the blessings of freedom."

### FIFTEEN HURT; THREE FATALLY

Hammond, Ind., May 25.—Fifteen men were injured, three of them fatally when a railroad motor car on the Elgin, Joliet and Eastern railroad left the rails near Hobart today it was rounding a curve. The fatalities were John McManny, Peter Motowin and Frank Lodorec.

### JAPANESE SQUADRONS OPERATING IN PACIFIC

TOKIO, May 24.—Delayed.—The admiralty announces that Japanese squadrons are operating in the South Pacific ocean and in the Mediterranean sea against enemy submarines.

A despatch from Paris, May 18, said a number of Japanese submarines had arrived at Marseilles to aid in the war on German submarines and an announcement was made in the house of commons Thursday that Japanese light craft were in the Mediterranean.

### BAKER MAKES PUBLIC LETTER TO GOVERNORS

Asks Co-operation in Keeping Army Camps Clean

Asserts He Proposes to Move Camps From Neighborhoods in Which Clean Conditions Cannot Be Secured, If Desired End Cannot Be Otherwise Achieved.

Washington, May 25.—Secretary Baker made public today a letter he has addressed to the governors of all states calling for co-operation in keeping the army camps free from improper surroundings and immoral influences.

"Our responsibility in this matter is not open to question," the secretary wrote. "We cannot allow these young men; most of whom will have been drafted to service, to be surrounded by a vicious and demoralizing environment nor can we leave anything undone which will protect them from unhealthy influences and crude forms of temptation."

"The greater proportion of this force probably will be made up of young men who have not yet become accustomed to contact with either the saloon or the prostitute, and who will be of that plastic and generous mold of life when questionable modes of indulgence easily serve as outlets for exuberant physical vitality."

"Not only have we an inescapable responsibility in this matter to the families and communities from which these young men are selected, but, from the standpoint of our duty and our determination to create an efficient army, we are bound as a military necessity to do everything in our power to promote the health and conserve the vitality of the men in the training camps."

"I am determined that our new training camps as well as the surrounding zones within an effective radius, shall not be places of temptation and peril. We are not going to be able to obtain the conditions necessary without the full co-operation of the local authorities. Will you give earnest consideration to this matter in your particular state? I am confident that much can be done to arouse the cities and towns to an appreciation of the responsibility for clean conditions."

"I would suggest that your council make itself responsible for seeing that the laws of your state and of congress in respect to these matters are strictly enforced. This relates not only to the camps established under federal authority but to the more or less temporary mobilization points of the national guard units. It relates, too, to the large centers thru which soldiers will constantly be passing."

"If the desired end cannot be otherwise achieved I propose to move the camps from those neighborhoods in which clean conditions cannot be secured."

### GERMANS TERM AMERICAN MEN TANGO-LIZARDS

PHILADELPHIA, May 25.—"If Russia sticks arms and German submarines continue to litter the ocean with corpses of the merchant marine, Uncle Sam will have to bear the brunt of the great battle practically alone," declared James W. Gerard, former ambassador to Germany at a meeting here tonight under the auspices of the Southeastern Pennsylvania Chapter of Red Cross. "The Germans think that the Americans are tango-lizards and male maniacs. You're a lot of fat people who are all for money German officers told me before I left Germany. You might lend the allies a lot of money but you couldn't do anything else. You have no men. Your people would not go to war. You could not make them fight. This is the impression thrust upon Germany."

### AMERICA LOANS ENGLAND \$75,000,000

WASHINGTON, May 25.—Treasury officials today close the international ledger for May with another debit to the British government of \$75,000,000 bringing the total thus far lent Great Britain up to \$403,600,000. A payment of \$75,000,000 also was made to Italy, on her credit of \$100,000,000 previously announced.

Exactly thirty days have elapsed since this government made its first loan to the allies. During this period the amount placed at the disposal of the five allied nations has reached a total of \$745,000,000 and has been at the rate of nearly \$25,000,000 a day.

A marked falling off in loans, it is said, probably will be noted in June as first pressing demands already have been satisfied and a definite program of installment payments probably will be placed into effect within the next thirty days.

### BRITISH MISSION GOES TO CANADA

Ends Six Weeks of Conferences on America's Part In World War

### NO BINDING TREATIES

Great Benefit of Mission Has Been Advice of Men Who Have Been in War

UNCERTAINTY REMOVED

WASHINGTON, May 25.—The British war mission left American soil and crossed into Canada today after six weeks of conferences which have reached into every phase of American life and are expected vitally to effect the future of this country, if not of the world.

Confidence and sympathy born of personal contact of British and American officials cannot be measured in words. Uncertainty has been removed and an efficient co-operation made possible by an exact definition of the resources and needs of the two nations.

### No Binding Treaties

There have been no formal agreements or binding treaties. Foreign Secretary Balfour said upon his arrival the United States would not be asked, nor expected to abandon its traditional policies even to the extent of declaring against a separate peace.

Much that has been tentatively agreed upon cannot finally be put into effect until legislation has been passed by congress. The great benefit of the mission's visit, however, has been the decisive advice of men who have actually been in the fire of this war.

Great Britain and the United States undoubtedly have been placed on a closer basis of friendship than at any time since the separation a century and a quarter ago.

### British Tact Gratifying

The British showed a tact and a consideration of American feeling most gratifying to officials. They were scrupulous on all occasions not to appear to be interfering with American affairs. Their constant effort was to describe England's experience for whatever suggestion it might give this country. Mr. Balfour diffused this spirit thru the whole mission. The immediate diplomatic result has been to lengthen the British view from a near-sighted absorption in the immediate war needs to a broader consideration of world reconstruction afterwards. Similarly the American viewpoint has been foreshortened from absorption in the future to the immediate pressing emergency. Both sides feel they have gained a true perspective.

President Wilson's plan for a league of nations has been discussed informally but not conclusively. One member of the mission said all the French and most of the British would leave the trenches tomorrow if they did not think this was the last war.

### No Definite Decisions

No definite diplomatic decisions are known to have been made. Germany's plan for a great middle European empire, embracing Germany, Austria, Hungary, Bulgaria, Turkey and Mesopotamia in an iron bound, militarized customs union, has been discussed and attention directed to the necessity for complete restoration of Roumania, Serbia and Montenegro as a counter to this move. In this connection, the new Russia's opposition to conquest or indemnity is not considered antagonistic as all the changes proposed are on the basis of nationality or the return of lost provinces.

"Diplomatic negotiations are underway to assure the Russians that no scheme of conquest is contemplated and that all the readjustments, such as a free or an independent Bohemia, the return of Roumania, Serbians and Italians to their own flag, are merely in the line of permanent world peace."

The restoration of Poland, urged by President Wilson as one of the terms of a just peace, also have been discussed.

Ireland and Mexico have been discussed also. President Wilson's comment as to the happy effect the solution of the Irish problem would have on public opinion here was reported to London and is assumed to have had its influence in leading to Premier Lloyd-George's offer of an Irish conference.

The most far-reaching understanding arrived at have been in trade matters. In general the United States will give the allies preferential treatment in commerce. Details, however, could not be agreed upon as congress has not yet passed the legislation necessary to deal with em-bargo, trading with the enemy, control of cargo space and the like.

### SERUM FOR INFANTILE PARALYSIS PROMISING

New York, May 25.—What is characterized by Health Commissioner Emerson of this city as a "promising development" in the search for a cure for infantile paralysis is described in the current issue of the Journal of the American Medical Association by Dr. M. Neustaedter and Dr. E. J. Banzhaf.

For six months they have been carrying on experiments with monkeys at the health department laboratories. They have had favorable results with a serum derived from the blood of horses. Dr. Neustaedter says.

### JAPAN WITHDRAWING LARGE AMOUNT OF GOLD

Big Shipments May Continue Several Months

For Past Month Japan Has Been Withdrawing Gold at the Rate of \$150,000,000 to \$200,000,000 a Year—Officials Puzzled by Development.

Washington, May 25.—Treasury officials engrossed in the far reaching program of international financing today turned their attention to the unexpected and somewhat disconcerting discovery that for the last month Japan has been withdrawing gold from the United States at the rate of \$150,000,000 to \$200,000,000 a year. Gold exports to Japan within the last three or four weeks, it was stated authoritatively have been between \$10,000,000 and \$15,000,000. Since Jan. 1 they have totalled \$35,000,000. In the last eight months they have reached an aggregate of about \$50,000,000.

### May Continue for Several Months

There is every indication that the big shipments will continue for several months at least and in an increasingly large ratio. Informal overtures already have been made to the government looking to the shipment from San Francisco to Japan next month of a large consignment of gold.

Shipments are being made by banking interests with the full knowledge of the Japanese government.

Officials here cannot account for the seemingly large movement on the ground that it is to restore the balance in trade and investigators are checking the foreign commerce statistics to ascertain if the big shipments are due to economic laws. It is admitted that such may be the case, but officials are somewhat skeptical of this and are frankly puzzled by the development.

### No Question Motives

The mystery is more economic than political, it is said and there is nowhere apparent any disposition to question the motives of the government or citizens of Japan in withdrawing all the gold to which they are entitled. At the same time it is realized that heavy exports of gold from this country are highly undesirable and if carried to extreme limits might inject an element of embarrassment into domestic and international financial situation. British officials, including Lord Cunliffe, governor of the Bank of England, have noted with some surprise the tendency of American gold to flow westward. The British agree that it is to the interest of all concerned that the United States conserve its supply of gold, also it is at present the largest store ever held within a single nation's boundaries and greatly in excess of actual requirements.

### Fear It May Reach Germany

Added to this is the apprehension that, notwithstanding the utmost care and vigilance on the part of all concerned, some seepage from the golden stream may touch the shores of Germany and gold is one of the last things that this government and the allies want Germany to have.

Only two other nations have been withdrawing gold from the United States lately, Spain and Mexico. The amount withdrawn by Mexico is said to be very small and the shipments to Spain have not reached in magnitude, those recently made and contemplated to Japan.

American and British officials have co-operated in watching shipments both to Spain and Mexico to the end that none of the gold might reach Germany and have satisfied themselves that none has done so.

They also feel certain that none of the shipments to Japan will find their way to Germany.

### WOMEN'S STRIKE EXTENDING

Paris, May 25.—The women's strike is extending gradually from the clothing trade to all occupations in which women are employed. Four thousand bank clerks, most of them women, met this morning at the labor exchange to plan a campaign for higher wages.

### ROBBERS BLOW SAFE

Bloomington, Ill., May 25.—The safe in the postoffice at Armstrong, Ill., was blown at 1:30 this morning and the robbers secured \$300 in stamps and \$100 in cash. Telephone operators who heard the explosion and started to investigate, were ordered to remain within the exchange.

### REPORTS IMPROVEMENT IN FOOD SITUATION

Lloyd-George Makes Statement In House of Commons

Asserts Successes Against Submarines Result in Distinct Improvement—Says U-Boat Menace Need Cause No Fear That War Will Be Lost for That Reason

London, May 25.—"The successes against submarines have resulted in a distinct improvement in our food situation," said Premier Lloyd-George today in the house of commons.

### Deal More Effective Blows

The premier said more effective blows had been dealt the submarines during the last three weeks than in any corresponding period of the war.

The shipping losses for May, the premier said, probably would show a reduction from the April figures. In speaking of the success of the anti-submarine methods, he said:

"We owe a very considerable debt of gratitude to the great American people for their effective assistance they have rendered and the craft they have placed at our disposal. Now that the American nation is in the war, it is easier to make arrangements for the protection of our merchant marine than it was before."

Mr. Lloyd-George asserted there was no danger to the country from starvation, but that the utmost economy of foodstuffs was still essential. "The submarine menace need cause no fear that the war is going to be lost for that reason," he declared.

### Doomed to Disappointment

"I see that today the Germans are depending mainly on submarine warfare for success," said Mr. Lloyd-George. "All I can say is that if that is their main hope of success it is doomed to disappointment. I say it with a full sense of responsibility and on behalf of the government after full consideration of the whole facts. That does not mean that the people need not economize, that farmers need not plow their lands. It means that if every one does his duty the German hope of triumph in the war based on submarines is the greatest miscalculation in the whole series of miscalculations of that sad empire. If every one does his duty patriotically each in his own way to the common stock, then I say the submarine is not going to defeat us."

### ENGINEERS SUE TO RECOVER LARGE SUM

Part of Million Dollar Haul Former Governor of Yucatan is Said to Have Made on Treasure Vaults of That Mexican State, is at Stake

New York, May 25.—Money which is part of a million dollar haul that a former governor of Yucatan is declared to have made on the treasure vaults of that Mexican state before he fled from a Carranza army is the stake in a legal fight begun in the supreme court here today by two American engineers, Thomas H. Nicholas and Augustus G. Ladner.

The sheriff of New York attached money in a safe deposit box here at the request of Yucatan. An attorney for the American Surety company representing Yucatan told the jury today that the money was part of approximately \$1,130,000 to which Ortiz Argumedo helped himself in February, 1915, when as governor of Yucatan he displaced Carranza and fled. Counsel for the surety company said Nicholas and Ladner would have to prove that the money belonged to them and not to the state of Yucatan. The engineers' attorneys related a story of a march by 6,000 Carranza soldiers under order to capture and shoot Governor Argumedo. Nicholas and Ladner dynamited railroads, blew up gunboats and mined harbors. The lawyers said and impeded Carranza's army until Argumedo escaped. Furthermore the attorney said Nicholas gave the fleeing official financial aid, turning over \$45,000 of his own money and \$65,000 of Ladner's. This is the money for which the engineers are now suing.

### DISMISS JARRETT APPEAL

Chicago, May 25.—The appeal of President Harry E. Jarrett of the Altan club of the Three Eye League for the services of Players O'Brien and Graham, former members of the defunct Davenport club was dismissed in a decision by the national baseball commission sent to President Kearney of the Three Eye League tonight. Jarrett appealed to the commission to reverse the decision of the National Board. O'Brien had been sold to Quincy and Graham to Nashville.

### ARTILLERYMAN SHOTS SELF

Clinton, La., May 25.—Alfred Olson, aged 25 years, a member of Battery A, First Iowa Field Artillery, with which he served on the Mexican border last summer, this morning shot himself through the heart and is at a local hospital in a dying condition. No reason for the act is known.

### HOLD MARCHING PRACTICE

Fort Sheridan, Ill., May 25.—Five thousand students at the officers training camp here had marching practice today. The march lasted two hours and the men camped with little fatigue.

### THIRTY KILLED IN KANSAS TORNADO

More Than Fifty Receive Injuries from Which It Is Said Several Will Die

### PROPERTY DAMAGE HEAVY

Eighteen Lives are Lost in Andale, a Village of Less Than 300 Inhabitants

### FARMER GIVES NEWS

WICHITA, Kans., May 25.—Thirty persons are known to have been killed, more than fifty have received injuries from which it is said several will die, and property worth thousands of dollars was destroyed late today when a tornado swept up thru Sedgewick and Harvey counties in the south central part of the state. In Andale a village of less than 300 inhabitants, eighteen lives were lost.

### The Country Southeast of Newton

furnished the remaining fatalities, three lives being lost five miles from that city.

### Path Half Mile Wide

The country between Andale and Newton was pierced by a path from a quarter to a half mile wide, Sedgewick the largest town between Andale and Newton, barely escaped from the storm's fury; a few houses in one corner of the city limits being the only loss. The sun had been shining but a few minutes before in Andale when suddenly the roar of the tornado was heard coming from the southwest. Before word could be passed around the little village and even before some of those hearing it could escape to storm cellars and basements the storm burst with all its rage.

Information of the catastrophe reached here when a young farmer, seeing the twister operating from afar, rode to a nearby town and informed the railroad authorities. A special train was hastily gathered and with doctors and nurses was on the scene within an hour. First aid was given to the injured and the most severely hurt, while the bodies of the victims were brought here. Telegraph and telephone companies have reported a storm condition prevailing all of Southern Kansas.

### Search for Other Victims

At 9 o'clock fifteen dead had been identified and rescuers were searching for other possible victims.

The identified dead:

- Agnes Rausch, aged 23, "Grandpa" Heiger.
- Mrs. Frank Heiger.
- Frances Heiger.
- Mrs. Alex Schmidt.
- Irene Schmidt, aged 4.
- Joe Mertes, aged 13.
- Mrs. John Klein and three children.
- Sick Cordell.
- Henry Rausch.
- Minnie Sommerhauser, aged 16.
- Henry Bach.
- Mrs. Joe Sommerhausen, of Andale, died after reaching the hospital here.

### Nine Dead Near Sedgewick

Nine persons were killed near Sedgewick.

The dead:

- Elmer Corkle and nine year old daughter.
- Mrs. Markes.
- John Norris.
- Mrs. Howard Tanner.
- Tanner, six months old infant.

### Three Killed Near Newton

Newton, Kans., May 25.—At least three lives were lost and several persons were injured late today when a tornado, having its origin in the southwest struck the country southeast of Newton.

The known dead are:

- State Senator S. T. Danner and wife.
- Dewey Fay, a boy.
- Doctors have been despatched from here to aid the injured.

### IMPORTANT DAYS

Governor Lowden is right in his suggestion that new significance attaches this year to flag day and so he suggests that June 14 be observed in an especially significant manner. Today the democracies of the world are looking to the Stars and Stripes to save to the world the principles of liberty for which all free peoples have fought. Conscription day, Decoration day, Flag day, the Fourth of July, this year will be memorable and historic occasions and the people will not need to be aroused for the proper observance of these days.

### REPLACING THE OLDER ORATORS.

There is a belief that in the public schools in the next few years the boys and girls will be delivering portions from the war message to conscription day, April 2, 1917, by President Wilson or excerpts from the president's more recent proclamation instead of giving orations by Burke, Webster, Clay or Wendell Phillips. Certainly several of the war documents which have come from the president's pen are classics which will live thru the ages. The rhetoric and the language are above criticism and they breathe as fine a patriotism as the world has ever known. Commencing passages to memory by school pupils the country over will answer the purpose of school training and at the same time add quite largely to the sum total of patriotism.

### ABOLISHING CAPITAL PUNISHMENT.

The bill to abolish capital punishment in Illinois has been passed in the house and the senate and now awaits the signature of Governor Lowden. The bill makes exceptions of any person convicted of treason or of kidnapping children. In arguing against the bill Representative Snell of Macoupin county urged that the capital punishment law is especially to be desired in war times when so many women and children will be left defenseless. But this argument, in the minds of the majority of the legislators, was outweighed by the fact that the records of those states where capital punishment is permitted do not make any favorable comparison with the record of states where capital punishment is not permitted. The fear of the death punishment does not seem to have been a specially deterrent influence against crime.

### CLEARING THE PLATE.

In these days of suggestions as to practical means of economy reference has been made by the Brooklyn Eagle to a "wise old custom" which was familiar to everyone in the New England states years ago. That was the custom of making children "clear their plates." Even in the families of the well-to-do the boy who took more food on his plate than he could eat had to pay the penalty of having the remaining portion served at his next meal. By this method which would be considered somewhat strenuous today, the children of the earlier days of the republic were taught lessons of frugality and learned to look on waste as a sin.

So, as one writer says, we may get back to this plan for "waste is never justified in prosperous times or in other times. It is a big element in giving children an utterly false idea of what makes prosperity—at least in blinding youngsters to the vitalism of thrift, on which all accumulation is based."

### ATTORNEY GENERAL BRUNDAGE TO THE RESCUE.

Attorney General Brundage evidently feels that he was elected to his present office to serve the people to the best of his ability. He was appealed to recently by certain residents of St. Clair county to assist in cleaning up dives flourishing there. It would have been easy for the attorney general to state that this was a duty incumbent upon local officials and not a concern of the attorney general's office, but not so Mr. Brundage. He realized that the law vested in him ample authority for a "clean-up" and when he was convinced that the local authorities were not giving the assistance desired by those citizens believing in law enforcement he quickly came to the rescue. As a result some very dark spots in St. Clair county have been lightened up and the attorney general is now receiving thanks from numerous residents of St. Clair county.

### OPPOSED TO NEW PARK WALKS.

A great many protests are being made because of the proposal to rebuild all the Central park walks at this time. The general opinion seems to be that with the prospect that the soldiers' monument will be erected in the center of the park, that it would be well to delay the proposed walks until the time that the monument is built. The park board has arranged to leave a portion in the center of the park without new walks, intending to complete the work after the monument has been erected. But the opinion of a great many people is that until a plan has been adopted for a monument that it will be impossible to figure the amount of space required for the base and a possible surrounding grassplot. Part of the materials for the Central park walks have already been delivered but so marked is the objection by some people that an injunction suit has been rumored.

### WOMEN IN MANY FIELDS OF LABOR.

It is not infrequent that we hear the clamor of equal suffragists that more lines of employment should be open to women and the hope has often been expressed that when the war is over women may find it possible to have additional ways of earning a livelihood. So it is something of a surprise that one finds in government statistics that out of 303 vocations there are only nine in which women are not represented. True, in many lines of labor the women employed are few in number but the records show that this is not because it is impossible for women to gain admission.

The war is, however, making changes much more rapidly than would otherwise be true and many of the railroads that have formerly employed only men in their offices are now training women for the work because they know that the conscription law will take many of the young men from their office positions. One railroad has gone still further and has just announced the appointment of a woman traveling passenger agent, the first woman who has ever served in such a capacity in this country.

### LIBERTY BONDS ON CONSCRIPTION DAY.

As a part of the observance of Conscription day June 5, in several cities special effort will be made for the sale of liberty bonds. Salesmen will be stationed near the voting booths and the various plans of purchase will be explained, and an effort will be made to show how much depends upon response the nation gives at this time to the government's appeal. In Chicago 300 bond salesmen have volunteered for service and a thorough canvass of the business district of the city will be made in order that as quickly as possible the assignment of bonds made to the Chicago federal reserve district can be disposed of.

"Yes, every American who subscribes to the justice of the course of the United States in entering and conducting the war we are now engaged in should subscribe to the Liberty Loan Bond issue to the extent of his or her financial ability."

"Every American who subscribes to the belief that an American should stand by his or her country should subscribe to the Liberty Loan Bond issue."

"Every American who loves America and is jealous of America's honor should subscribe to the Liberty Loan Bond issue. The real success of the loan is to be more determined by the number of Americans participating in it than by the amount subscribed. The spirit of the Nation is going to be judged a road, especially by our enemies, more by the number of its American men and women who support this bond issue than by the mere amount of money subscribed."

### "THE RIGHT WAY WITH FOOD"

While the people here are talking about the need of conserving the food supply the English have reached a time when they must either have bread tickets issued or agree upon some special distribution of a uniform quality of bread. The London Observer expresses the following views of the situation:

"The vital thing is to realize that our food problem must be solved before bread tickets can be issued. We have they may yet be avoided altogether, but in no case could they be introduced before the middle of July. That would be too long to wait for a system. We must have one now. We are convinced that Lord Devonport could achieve a historic success on British methods instead of imitating the Germans where they have blundered most. Let all cereals be mixed and let there be one kind of war loaf available throughout the country, and one kind of war bread, and it would be better than anything else, but it would be no more than the best thing for economy. But bread must be supplemented more than hitherto by meat, whereof we have abundance. Let all meat be bought by the Government and sold at a price that the masses can pay. Let all newspapers and every shop window in the country display daily in conspicuous type one plain, unvarying notice, 'Eat Less Bread.' Above all, as we have urged so often, let the retail dealers be rationed and let them under penalty ration their customers. A scheme like this would be far preferable to billions of bread tickets. The thing can be done. The whole country is as ready as staunch Kipling to follow the King's proclamation."

THIS IS A GOOD TIME TO GET THAT SPRING SUIT. Try Knoles.

fore we get ourselves in shape to feed Germans with crepe. For this uncounted people hope, the unsupported by the dope, which indicates a long, long war ere Kaiser Bill's accounted for. And tho we may not seek the field, all loaded down with sword and shield, we have a mighty task to do—to send the allies things to chew. They look to us for corn and wheat, for hams and yams and bread and meat. 'Tis ours to load our ships with grain, and send them o'er the racing main; and every time we send a boat, we get another German goat. So let us get back to the land, and raise string beans to beat the band. And every time we raise a hill, we take a fall from Kaiser Bill. The towns are full of idle gentia who cannot fight worth twenty cents, who shate and sweat at war's alarms—they should be drafted for the farms. The loafer who sidesteps the foe must do his bit with plow or hoe.

May 26, 1846—Illinois Volunteers, War with Mexico. In Nashville, Washington County, on the 26th day of May, 127 men volunteered. A company has been formed in Alton for the Mexican service, called the "Alton Volunteer Guards." There is every indication that Southern Illinois will promptly respond to the call of the Governor.

### NEW BOOKS AT THE PUBLIC LIBRARY.

The following list of books will be ready for circulation Saturday morning, May 26, 1917:

MILITARY ART AND SCIENCE. Andrews—Fundamentals of Military Service. "General discussion of the practical side. Written for those who wish to know the principles of military service before they enter the actual service. Shows what is required and what is expected of those who enlist." Ellis and Carey—Platooning Manual for Federal Training Camps. Written for alert, eager men without previous military training. Kerrick—Military and Naval America. Gives in non-technical form, much information about our army and navy. Outlines definitely the organization and duties of the various bureaus, corps and other branches of the service. Includes chapters on the submarine defense of harbors, the American National Red Cross, the Boy Scouts of America and garrison life in the army and navy.

EUROPEAN WAR. Gibbs—The Battles of the Somme. "If Mr. Gibbs can see the saving humor in the warring days, he can see the humor too, and the fineness and the tenderness that so often goes hand in hand with heroism. It is because he can see all of these things—and makes us see them—that his book is good."—N. Y. Times.

Hay—Getting Together. McConnell—Fighting for France. A simple account of the life of a sergeant-platoon in the French flying corps.

LITERATURE. Eastman—Journalism Versus Art. "The editor of the Masses has written an able and often amusing indictment of the 'good bad stuff' pictorial and literary magazines, the purveyors of the current cheap American magazines. His arguments on free verse and spelling reform are also ingenious and thought provoking."

BLANKET—Collected Poems. "It is not the poet's business to save man's soul, but to make it worth saving." James—Notes on Novelists. Washington Square Plays. Contents: The Cloud, by Lewis Beach; Overtones, by Alice Gertrude; Eugenically Speaking, by Edward Goodman and Helena's Husband, by Philip Moeller.

PRACTICAL BOOKS. Gray—Plumbing Design and Installation. A veritable encyclopedia of modern practice. There are 60 original drawings, many of which illustrate two or more different problems. Twenty-eight pages of double column index facilitates quick reference to any item. Winslow—Prevention of Disease. Charles Mayo in his Foreword commends the book to his readers for its concise and simple description of most of the facts known to modern preventive medicine.

FOR REFERENCE. Who's Who in 1917. DESCRIPTION AND TRAVEL. Osborn—Picture Towns of Europe. "The author has selected from each southern country a town which to him suggests most clearly the colorful and picturesque past. An unusually charming book written by one who has the seeing eye and a cultivated mind."—A. L. A. Bk.

REGULAR FICTION. Butler—Erewhon. "It is not wonderful that such a man as Butler should be the author of Erewhon, a shrewd and biting satire of modern life and thought—the best of its kind since Gulliver's Travels."—The Nation.

Gogol—Tarras Bulba. In Tarras Bulba Gogol has produced one of the great prose romances of the world—William Lyon Phelps.

RENT FICTION. Dark—Africa. Johnson—Lumpy. Weston—Oh Mary be Careful.

Italian "PANAMA" Hats—\$2.00. FRANK BYRNS' Hat Store.

### FARM NOTES

A Fortunate Farmer. A well known farmer in an adjoining county has a wife and family who are careful and capable in cultivating chickens and cows and he made an arrangement to take what milk, butter, eggs and poultry he had to spare to the nearest town and receive goods in exchange. At the end of last year the merchant, who is an honorable man, told the farmer customer he wanted a settlement. "I don't owe you anything, do I?" asked the farmer.

"No, you don't, but I owe you nearly \$300, and you know the agreement was that you would trade it out."

The agriculturist was astonished, not having kept any account himself and having no idea he had sold so much to the merchant but he and his wife visited the store and loaded up with a barrel of sugar, a host of canned goods and all manner of articles they could possibly get that would keep and be useful and now they are stocked with goods that have gone up appreciably in value and have enough of many things to last them a long time to come.

This man is a successful farmer and only sells the chicken and cow products as a side issue but his success will show what may be accomplished by almost any farmer. He hasn't any expensive buildings but those which are good and comfortable, and no fancy stock but that which was of excellent quality and the result is as shown.

### CAN OPERATE WITHOUT INCREASE IN TARIFFS

Western Railroads Admit They Can Meet Existing Conditions Without Additional Revenue.

Washington, May 25.—Counsel for shippers in cross examining western railroad officials today at the interstate commerce commission's hearings on the carriers' petition for a fifteen percent increase in freight rates sought to draw admissions that many of the roads could meet existing conditions without additional revenue from freight tariffs. They also undertook to show the commission that economies could be effected in railroad operations to increase revenues.

B. L. Winchell, director of traffic of the Union Pacific in response to questions said his company paid an extra dividend of two percent a year. The examining attorney asked whether it was a fact so much money had been made by the Union Pacific that the company had a hard time disposing of its earnings and had nothing else to do with its cash but spend it on luxurious offices in New York. "I have never seen with a line where a dollar was more carefully conserved," Mr. Winchell replied. Cross-examination of the railroad officials was concluded today. Tomorrow's hearings will be given over to representatives of special shipping interests.

were eased by the dogs who licked this infected places, but they were not cured. Many modern people employ the same method in their treatment of boils, pimples, rashes, carbuncles, eczema and other skin diseases. They apply a salve or lotion to the sore places and fondly imagine they have cured them. The important fact which they fail to recognize is, that these skin diseases are diseases of the blood, and that no external treatment can permanently cure them, because they are essentially internal ailments.

S. S. S. is the only proper remedy for this breaking out of the skin, because it acts upon the blood, cleansing and revitalizing it, and removing the cause of infection. It should be borne in mind that S. S. S. is purely vegetable, made from native roots, herbs and barks, and that it contains no habit-forming drugs or other injurious ingredients. Obtain a bottle of S. S. S. from your druggist and if you need the advice of a physician, write to the Medical Department, Swift Specific Co., 301 Swift Building, Atlanta, Ga.

# WAR NEWS SUMMARIZED

From Plava, on the Isonzo, to the Adriatic sea, the Italians and Austrians are fighting bitterly and the troops of General Cadorna are making steady progress especially on the southern end of the twenty one mile front.

North and south of Jamiano, eight miles south of Gorizia, the Italians have driven the Austrians back and taken additional important positions. The gains here are a direct menace to the defense of Trieste. The fighting is made harder because of the bare, hilly country. Notwithstanding the difficulties and the stubbornness of the enemy resistance Cadorna's men have taken two strongly fortified hills north of Jamiano and reached the outskirts of Cersic.

The Italian advance on the southern Carso by making violent counter-attacks south and east of Gorizia and along the Vodice sector.

At all points of attack the Austrians were driven back with heavy losses and east of Hill 652 on the Vodice the Italians captured the position from which the Austrians emerged to the attack. The number of prisoners taken by General Cadorna's command since Wednesday morning has increased to 19,254 including more than 3,000 officers.

Local infantry attacks by the British and the Germans and intensive artillery and aerial activity on the Arras front may indicate a renewal shortly of the intensive fighting there.

Near Bray-en-Laonnois and east of Craonne, on the Aisne front, the French and Germans have again been at grips. In the region of Pantheon northwest of Bray, the Germans after an artillery bombardment gained a foothold in the French lines after several attempts. Immediate counter attacks, however, drove the forces of the German Crown Prince from most of the captured elements.

General Petin's forces have occupied most of Chevreux wood, east of Craonne, after inflicting heavy losses on the Germans and taking thirty prisoners. Two German battalions were almost annihilated.

The American Destroyer Contingent, now with the British fleet, is doing its part in taking some of the sting from the submarine menace. Premier Lloyd-George in the house on Friday gave high praise to American aid and said that more effective blows have been dealt the submarines during the last three weeks than in any corresponding period of the war. As a result, he declared

# FOOD SURVEY BILL MAKES PROGRESS

Measure Will Be Kept Under Debate Almost Continuously Until Passed.

WASHINGTON, May 25.—Consideration of the government's first food bill providing for a survey and measures to stimulate production, got well underway today in both houses of congress. It will be kept under debate almost continuously until passed.

Speech making today was confined largely to the opposition with Senator Reed and former Speaker Cannon, the chief objectors.

Senator Reed declared that any law which sought to interfere with supply and demand was essentially wrong, while Representative Cannon insisted that the whole survey program was ill-advised and unnecessary.

"We already have as good information as this proposed survey would give," Mr. Cannon said. "We know the amount of corn, wheat, oats and all cereals which we have. We know the amount of consumption in a general way. We know what our exports will be. What would a survey be worth? It would give employment to a good number of people."

Mr. Cannon made an unsuccessful effort to have stricken from the bill the section authorizing the department of agriculture to conduct an investigation of the food situation. The vote, in the committee of the whole was 71 to 41.

Indications tonight were that the house might finish consideration of its bill tomorrow, prospects of final action in the senate were uncertain. Senator Walsh gave notice that he would move to strike from the bill the section giving the Secretary of Agriculture an appropriation to purchase seed and sell to the farmer at cost when in his judgment it is necessary.

During the debate Senator Sherman criticized the Council of National Defense for directing certain products to be given preferential shipments by the railroads and declared other industries were suffering.

Senator Nelson called attention to the drop in the price of wheat, which resulted from the Chicago board of trade temporarily restricting its operations recently.

# OUTLINE WAR AIMS AND NEEDS TO EDITORS

Cabinet Members and Others Engaged in War Work Speak

All Emphasize Magnitude of Task Facing the Nation and Ask Editors To Support the Government in Change from Peace to War Conditions in Industry.

WASHINGTON, May 25.—Members of the cabinet and others actively engaged in the conduct of the war outlined war aims and needs today to a meeting of editors of the country's technical and trade publications. All emphasized the magnitude of the task facing the nation and urged the publishers to support the government in the change from peace to war conditions in industry.

Cabinet officers and representatives of the Council of National Defense told in detail of what the council is doing toward war preparation.

The food situation was presented by Herbert C. Hoover, who will be named food administrator. The country, he said, faces a war that probably will last from two to five years and only by the most careful measures can the United States give the allies enough foodstuffs to keep them in the war with the constance demanded to bring victory.

Food prices in the United States are too high and if they continue at the present level, he declared, wage readjustments must come or the working man cannot live.

Secretary Lane set forth the purposes of the United States in entering the war. "We are fighting feudalism," he declared. "The German ruler is willing to go to any length to see a feudalistic system established. The bond of war himself would not stand for what the Germans have done in the last two years. Our interest as a nation and as a democratic people is involved in the war."

"Put in your editorials that America is fighting for something real, that we do not want to go back to where one man can enforce his will on a hundred million people and where a man in khaki could be the master of the fortunes of this country."

Secretary Baker declared the outcome of this war would show whether the world really is progressing.

"We are fighting," he said, "against an impossible philosophy, which has been founded on industrial ambition and aspiration."

Every resource of the allies, Mr. Baker said, was near exhaustion when the United States entered the war. There is no way to establish permanent peace, he declared, except thru exercise of the superior power of the United States.

Secretary Daniels asked the editors to "get into the heart of business men that it is a crime to make more out of the war than a normal profit." The press, he said, is responsible for letting the people know everything about the government and the spirit of the administration, "is that comment and criticism are the very life of a democracy."

The purpose of the export limitations and trading with the enemy bills were explained by Secretary Redfield who said the measures were necessary as a protection for the country's commerce and resources.

The government's attitude toward labor was discussed by Secretary Wilson. No changes in wage standards, he said, should be attempted without first giving the government a chance to mediate between employers and workers.

# DENIES ANY AMERICAN WARSHIPS ARE SUNK

WASHINGTON, May 25.—A categorical denial that any American naval vessels have been sunk in the war was issued tonight by Secretary Daniels to counteract a "campaign of vicious rumors that is being carried on so industriously by persons unknown."

It was the first official notice to be taken of a flood of reports of naval disasters that started almost as soon as it was known that American destroyers were in the war zone.

"It is with deep regret," said the secretary in a formal statement, "that I note the daily stream of false reports with regard to the sinking of American ships. Brokerage wires are a particular source for these baseless rumors that cannot but be the cause of needless distress to every true American as well as to the mothers and fathers of the nation who have sons at sea."

"The department has given repeated assurances that its policy is to be one of absolute frankness with respect to disaster. If it should be that ships are sunk full information will be given out officially and quickly. The reason for these false reports cannot be ascertained. The one hope is that the press will refuse to aid this campaign of vicious rumor that is being carried on so industriously by persons unknown."

# RUSS MINISTERS CONFERENCE

Petrograd, May 25.—via London. —Measures needed to overcome the strained relations between workmen and employers were discussed at a conference today between Foreign Minister Tereschenko, M. Konovoff, minister of commerce and trade and M. Skobeleff, minister of labor. They decided it was necessary to impose a heavy tax on extraordinary profits arising out of the war and that such profits should pass almost entirely into the hands of the state.

# NAVY SEEKING DOCTORS

Washington, May 25.—The navy is seeking 2,000 additional doctors to furnish proper medical care for the 250,000 men who will be in the naval establishment when it reaches full war strength. In addition 2,000 hospital apprentice recruits will be needed within two months. New examinations for navy surgeons will be held June 2 when 377 men have been authorized to undergo the test.

# SOCIAL EVENTS

Gave Dancing Party at Park Pavilion.

"The Spirit of '17" was dominant Friday night at the dancing party given by Mr. and Mrs. Felix E. Ferrell at the Nichols park pavilion in honor of Miss Anna P. Brown and Mr. Marcy Osborne. That spirit was evidenced in the decorations, the favors and just before "Home Sweet Home," when all the company joined in singing "The Star Spangled Banner" as the Randall orchestra played that patriotic selection. Each one of the company had just been given an American flag as a souvenir of the happy occasion and so the singing of this national song was just a spontaneous outburst.

Mr. and Mrs. Farrell were assisted in entertaining by Mr. and Mrs. Edgar W. Brown, Mrs. James T. King and Mrs. C. A. Barnes. There were a number of favor dances included in the program and these favors were of a patriotic type—flags, bells, caps, horns—all with a touch of the red, white and blue. Mullenix & Hamilton catered and in its various details the party was one of the most delightful in the series given for Miss Brown and Mr. Osborne.

Among the out of town guests were Mr. and Mrs. George Conover, Springfield; Mr. and Mrs. Boynton Warren, New Berlin; Mrs. S. D. Masters, Indianapolis; Misses Helen and Ruth Matthews, Kansas City; Miss Ruth Henry, Bay City, Wis.; Lloyd Brown, Decatur; Frank Wemple, Waverly.

# Wedding Invitations Issued.

Mr. and Mrs. Edward W. Brown have issued invitations for the marriage of their daughter, Miss Anna Pauline Brown, to Mr. Marcy Osborne. The ceremony will be solemnized at Central Christian church Thursday, June 7, at 7:30 o'clock. A reception will follow the ceremony at the Brown home, 1642 West State street. At home cards read after October 1, at 210 Caldwell street.

# Miss Whitmer Entertains for Miss Irene Black

Miss Vivian Whitmer entertained a few friends last evening at her home on South Church street, honoring Miss Irene Black, whose marriage will take place next week. Bridge furnished the entertainment for a delightful social evening.

This afternoon Miss Edna Beebe and Miss Edna Cox will entertain for Miss Black at the home of Miss Beebe on West College avenue.

# Woodson Club Closes Work of the Year

The closing meeting of the Woodson Household Science club was held Friday at the home of Mrs. J. T. Self. Mrs. George Newman, president for the past year, was an honor guest. At noon an elaborate dinner was served the twenty club members.

Officers for the new year were selected as follows: President—Miss Eva Mortimer. Vice president—Mrs. Jerome Culp. Secretary and treasurer—Mrs. Nettie Ezard.

The afternoon hours were spent in a pleasant social mixer and the club adjourned to meet again in September.

# Surprise Party for D. S. Taylor

Friday was the 52nd birthday of David S. Taylor of North Main street and his family took advantage of the occasion to plan a surprise, making the necessary arrangements while Mr. Taylor was away from home in the afternoon. Returning about 6 o'clock Mr. Taylor was greeted by a number of friends and relatives and the surprise on his part was complete. A feature of the birthday dinner was the birthday cake, covered as it was by fifty two candles of red, white and blue.

Guests of the evening were John W. Hurst and family, Lester Switzer and family, Mr. and Mrs. O. A. Keemer, Mrs. Pearl Kemp and sons, Jacksonville, Mr. and Mrs. J. W. Kemp, Miss Maude Kemp and Dr. and Mrs. L. A. Rawling, Roodhouse, and Mrs. Laura Edwards, Nortonville.

# Will Give Party

Miss Iva Guthrie has issued invitations for a porch party, to be given Wednesday evening, May 30, at her home on South Clay avenue.

# Teachers Have Banquet

The teachers of Washington school enjoyed a pleasant farewell banquet Friday evening, served at 7 o'clock in the blue room of the Peacock Inn.

# APPEAL FOR DR. ADLER

Amsterdam, May 25, via London. —Counsel for Dr. Frederick Adler, the Vienna editor, has appealed to the highest Austrian court to quash his death sentence for killing Premier Stuergh, according to news from Vienna. The appeal was based on the ground that the special court which pronounced sentence appears to be incompetent and the case should be brought before a jury.

# ANNOUNCE APPROPRIATIONS

New York, May 25.—The general education board announced today appropriations amounting to \$875,004. They include \$60,000 to Monmouth College, Monmouth, Ill., toward a total of \$250,000. The University of Chicago has raised \$3,461,557 it was announced and the subscription of the general education board and the Rockefeller foundation amounting to \$2,000,000 has become valid.

# BRITISH MISSION GOES TO CANADA

(Continued from Page 1.)

is expected to result from the conferences and to sit here regularly in conjunction with separate bodies in London.

# Will Help Maintain Blockade

The United States will co-operate as far as possible in maintaining the British blockade. America will participate thru consuls in the rationing of Holland and Scandinavia, but probably will replace the present system of British "letters of assurance" by a system of export licenses. As far as possible the enormous system built up by the British will be maintained.

The shipping problem has been the most serious of all. The British left no doubt that the April rate of destruction of tonnage of submarines approached the point of fatality. The American building program has been correspondingly expedited.

The British have disclosed means of further curtailing the wasteful use of tonnage which are largely included in a bill now before congress. Luxuries and non-essentials probably will be barred from exports to have cargo space and keep all vessels possible out of the danger zone.

A definite understanding has been reached to cover both American and Canadian wheat for sale to the allied wheat executive, but the details will not be given out at once because of the effect it would have on the market. Munitions control and purchase will be similarly centralized thru the allied buying committee, tho without price control.

# U. S. Considering Invitation

The United States is considering the invitation extended by the British that all the allies send permanent representatives to sit on the allied commissions in London.

In finance the mission has secured government loans to England at 3 1/2 per cent or at cost to this government and at a saving of 1 1/2 to 2 per cent to the British.

The military results of the Mission are involved with those of the French mission and the plans of the American General staff. It is very difficult therefore to say just what should be attributed to their visit. Undoubtedly the French were largely responsible for the decision to send at once to France an expeditionary force of about 25,000 men, a division of nine regiments of railroad engineers and six base hospitals. The British visitors, however, were able to clear away many doubts as to training and other technical matters. The naval results are probably least conspicuous as the American navy was much nearer a war basis. Discussions here were largely technical and on points that cannot be made public.

# AWARDS SIX MEDALS OF HONOR FOR GALLANTRY

WASHINGTON, May 25.—Medals of honor for gallantry in action during the trouble in Hayti in 1915 were awarded to three officers and three enlisted men in the marine corps today by Secretary Daniels.

Lieutenant Colonel Smedley D. Butler, first sergeant Ross L. Jans and Corporal Samuel Gross were decorated for leading a brilliant attack which resulted in the surrender of Fort Riviere. The others honored were Captain William P. Upshur, Captain Edward A. Osterman and Gunner Sergeant Daniel Dally, who with only 35 enlisted men under their dispersed a force of about 400 men near Fort Liberté.

# WILL DISTRIBUTE APPLICATIONS

New York, May 25.—Distribution of 10,000,000 government printed liberty loan applications among the thousands of boy scouts of America for the scout bond-purchasing campaign from June 11 to 14 will be made soon, it was announced tonight at Scout National Headquarters here.

# VISITS FORT SNEILING

Fort Snelling, Minn., May 25.—The army board studying possible sites for a training grounds for the new army visited the fort here today, before leaving for Sioux City, Omaha, Cedar Rapids and other points tonight.

**"MOHAMMEDANISM" SUBJECT OF TALK**

Men of Central Christian Church Hear Rev. J. F. Langton, Pastor of Trinity, in Address on Asiatic Conditions.

The Rev. J. F. Langton, rector of Trinity Episcopal church, was the speaker Friday evening at a supper for men of Central Christian church, served at 6:30 o'clock under the direction of Mrs. C. L. Mathis. "Mohammedanism" was the subject of Mr. Langton's talk and the facts given by him proved interesting and thought compelling. Referring to the virility of the religion of the prophet, Mr. Langton pointed out that the 220,000 millions of Mohammedans are on a steady increase. In the decade ending with 1915 the rate of growth was 10 per cent greater than that shown by Protestantism.

Four reels of motion pictures were shown in the church auditorium at the conclusion of Mr. Langton's talk. Early in the evening program Dudley C. Hittie favored the audience with a violin solo, playing a Viennese Popular song by Fritz Kreisler to accompaniment of Robert M. Boyd.

The Rev. M. L. Pontius, pastor of the church, presided and introduced Mr. Langton.

The old school bell has been presented to the city and is to be placed in a park and will be used in sounding the alarm of fire at any time it is needed.

Mr. H. Clark, a former resident of this city but who is now traveling for a bureau, visited Tuesday and Wednesday at the home of Mrs. E. F. Geiss.

S. D. Allen returned Tuesday from a visit with his son, Earl, at the Meredosia home coming colony in the above city as prospering.

Dr. J. H. McIntosh of Chambersburg was a professional visitor here Wednesday.

Mrs. F. W. Brockhouse visited friends in Jacksonville Wednesday.

Trinity Chapter No. 630, O. E. S. celebrated its eighth anniversary at the Masonic hall Tuesday evening with a social and various contests. The hall was beautifully decorated with O. E. S. colors and the American flag. The recent rains prevented several from attending from the country, however Mr. and Mrs. J. G. Berger of Jacksonville "rambled" right into the city and did not forget to enjoy the evening. Other out of town members in attendance were Mrs. Lorett H. Hale of Springfield and Mrs. Tillie Todd of Jacksonville. The several committees worked hard to make the evening a success and every one agreed it surely was so. At the sale of the boxes, each brother responded and did his share. The contents of the boxes were: 100 cakes, 100 loaves, 100 eggs and cakes, after which coffee and ice cream were served with small American flags as souvenirs. A telegram of congratulation was received by the Chapter from Blue Island, Ill., from Mrs. Grace M. Steeley, grand lecturer of the state, asking the grand old time of the chapter of Illinois, who recently instructed Trinity chapter at this place.

INSPECTED BAKERY.  
Members of the senior class in home economics at the Woman's college had the pleasure yesterday of an inspection trip to the Ideal bakery on South West street. The class was taken there in accordance with arrangements made by Miss Isabel Walker and all of the young women found the visit exceedingly interesting. Homer Haxby, one of the proprietors of the bakery, took the visitors to all departments and explained the various processes. The equipment of this bakery is modern in every way and the inspection trip proved very instructive to the class members.

Decorations of graves and return march to the city.  
Relatives in this city received the sad news of the sudden death of Dale Bowman of Bourbon, Ind., the young man met death when the auto in which he was riding crashed into a train.

Deceased is a nephew of George and E. M. Dale of this city. A recital by the piano pupils of Miss Iva Lancaster will be given at Miss Lancaster's home tomorrow.

Carl Steiler left Wednesday for Orange Center, Fla. He will be engaged in the commission business with his brother, Emil Steiler, of that place.

Geo. Aldridge, Jr., who has been attending college at Ann Arbor, Mich., is home to spend the summer with his parents, Mr. and Mrs. Geo. Aldridge.

Ed Widmayer who has been employed in Havana has resigned his position and will enter the army.

Mrs. Flora Davis left for St. Elmo Wednesday where she will receive medical treatment.

Miss Olive Fielder and Miss Margaret Crawford were Thursday capitalists.

Professor H. S. Stice has declined the offer of the superintendency of the Virginia schools for the coming term, thus causing two vacancies in the corps of teachers, as the principalship is also vacant.

PROTESTS AGAINST RACING  
ON STATE AID ROAD

A resident on the state aid road has submitted the following protest about racing on that highway:

"There seems to be an idea among a great many people that the concrete pavement on the Morton road was laid solely for the purpose of speeding. This idea does not alone possess the autoists of the city, but the drivers of certain fast horses, as well. The danger from fast driving and racing in general is evidenced every day from the accidents recorded in the columns of the newspapers and yet there are many who foolishly believe that they are immune from such dangers.

"There is really not so much danger from fast driving alone as there is from racing, and people who live on that highway have about made up their minds to make an example of someone in order to stop it. I have practiced which is growing worse. A few days ago an automobile dealer from Berlin and a country boy were racing and when they came to the bridge over the Burlington road the driver of the front car slowed up and the one behind could not stop his car in time to prevent a collision. He almost knocked the small car in front clear over the bridge railing. As it was, one car was badly dented and the gas tank was smashed, losing gallons of perfectly good gasoline on the concrete.

"A number of accidents have already taken place. A big 8 cylinder car went into the ditch, several Fords have turned over, two cars have gone thru fences at the side of the road and there have been several collisions with minor injuries. There is no safety on that road for woman or child to drive to or from the city as long as this car and horse racing continues. Every time there is an accident the drivers express their regret and tell just how it happened but that does no good at all.

"The residents would like it made known that they don't object to fast driving when people are alone but they do request that racing on the concrete road be cut out. Have a little respect for others if possible without making them show their teeth." The writer then further suggests that car and horse drivers keep traveling the concrete road but singly and not quite so fast.

MATRIMONIAL  
Dyer-Curtis

Ernest Dyer of Murrayville, son of John Dyer, and Miss Ruth Curtis of this city daughter of Emmett Curtis, were married Thursday afternoon at 5 o'clock by the Rev. M. L. Pontius at the pastoral home on West College avenue. The couple were unattended. Mr. and Mrs. Dyer will make their home on a farm southeast of Jacksonville.

Mrs. J. L. Seymour was in the city Friday from Franklin.

## MORTUARY

Long.  
Mrs. Abner Jane Long died at the family home, 117 Dunlap street, Friday, May 25, at 3:45 p. m. The deceased was born in this county March 15, 1863, and was the daughter of Mr. and Mrs. Joseph Morrison. She was married to Jesse Long in Arenzville, Ill., in 1879. The family home was in the Arenzville neighborhood for some time and in more recent years the family has lived in Jacksonville. The deceased was for many years a member of Grace Chapel and lived in a manner which gave her the respect of all. The following children survive: Mrs. S. F. Lacey, Wagoner, Ill.; Mrs. Ida Frazier, of Jacksonville; Mrs. Jessie Hurt, Center Junction, Ia.; Mrs. Gladys Tribble and Mrs. Velma Fanning, Jacksonville.

The funeral will be held Sunday morning at 9:30 o'clock at the residence in charge of Rev. A. A. Todd. At the request of the family the following lines are used:

We have lost our darling mother,  
She has bid us all adieu;  
And has gone to live in heaven,  
And her form is lost to view.  
Oh, that dear one, how we loved her!  
Oh, how hard to give her up!  
But an angel came down for her  
And removed her from our flock.  
Sample.

Mrs. James L. McDonald, of 605 North Church street, received word Friday of the death of her cousin, J. R. Sample at his late home in Florida. Mr. Sample suffered an attack of acute indigestion and his death was sudden.

Mr. Sample was a son of Charles Sample and was born at the old homestead four miles northeast of Jacksonville. He was 65 years of age but had not lived in this county for a number of years. In his early manhood Mr. Sample taught school and later was engaged in railroading, in which line he became widely known. He was a man held in high regard and his sudden passing will come as a source of keen regret to his many friends in this vicinity. Mr. Sample leaves one brother, Ed Sample, residing at Memphis, Tenn.

Black.  
Mrs. Jennie Black of Fulton, Mo., died at Dr. A. H. Kennelbrow's home sanitarium Friday evening at 10:25 o'clock of acute indigestion. Mrs. Black submitted to an operation some days ago and was improving in a gratifying manner and had planned to return home in a few days. She had a hearty supper Friday evening and shortly afterward was seized with an attack of acute indigestion which resulted in death. The body was removed to Gilman's undertaking parlors and prepared for burial and will be sent to Fulton, Mo., for burial.

FUNERALS  
Wilkinson

Funeral services for Clarence Wilkinson were held from the residence Friday afternoon at 3 o'clock in charge of the Rev. E. L. Fletcher pastor of Centenary church. Music was furnished by Miss Gora Graham, M. M. Wallace Brockman, T. H. Rapp and W. W. Gilham. There were many beautiful floral offerings and these were cared for by Mrs. Louis Riepenhagen, Miss Myrtle Sheppard, Miss Lucile Greuber and Miss Margaret Walsh.

The Rev. Mr. Fletcher took his text from First Corinthians, 13:12, "Now we see thru a glass darkly." A few of his thoughts are given:

"How true are the words of the text today in the limitations of our present life there are many things we cannot understand. We cannot understand why this young man was taken from his home with all of life before him.

"This limitation of our vision works both in the spiritual and natural world." The speaker spoke of the human eye and its limitations. He used the comparison of the telescope and microscope in revealing worlds both infinite and infinitesimal which the eye does not grasp.

"Likewise," said the speaker, "Our spiritual vision is weak and we often fail to see the purposes of God's providence. The remedy for this is found in greater spiritual living. We should seek larger means of grace.

"Death has become God's servant. It removes all sickness, pain and sorrow. It sets the spirit free which goes to God. Those who die in Christ are in full possession of eternal life."

In concluding Mr. Fletcher quoted the remainder of the text, "But then face to face, now I know in part, but then I shall know even as also I am known."

Burial was in Jacksonville cemetery, the bearers being, Fred May, James Haigh, Leo Clancy, Jewell E. Scott, Fred Hall and Glen Cannon.

Beurup.  
Funeral services for Charles Edgar Beurup were held Friday afternoon at 1:30 o'clock at Franklin Christian church, in charge of the pastor, Rev. James Todd, Jr., assisted by Rev. W. E. Kennan. The music was furnished by Misses Lulu and Charlie Dugan, Grace Hill and Lola Austin, with Miss Grace Armstrong at the piano. The flowers were cared for by Misses Myrtle Woods and Edith Whitlock. Burial was made in Franklin cemetery. The bearers were Aaron Jolly, William Whalen, Charles Hart, George Tribble, Henry Wyatt and James Wood.

VISITING CALIFORNIA FRIENDS  
The Visalia Times of Visalia, Cal., makes mention that Miss Alma Forsythe, formerly of this city, has been the guest there of Mrs. Harry C. Loeey, who was also at one time a student here in Jacksonville. Miss Forsythe is violin player with the Smith-Spring-Holmes orchestral quintet now appearing at chautauqua attractions.

G. A. R. ENCAMPMENT  
TO MEET IN BLOOMINGTON

Department Commander Has Made  
Important Announcement About  
the Gathering.

The Grand Army Annual Encampment will be held in Bloomington June 6-8th and a great time is anticipated by the veterans. The following orders have been issued by the state commander:

The Fifty-first Annual Encampment of the Grand Army of the Republic will be held in the city of Bloomington, June 6-8, 1917. Headquarters of the Department are to be at Hotel Illinois.

IX. The Council of Administration is called to meet at Headquarters, Wednesday, June 6th, at four o'clock P. M.

X. The Committee on Credentials will be in session and issue badges to members of the Encampment only, at twelve o'clock, noon, June 6th.

XI. The Encampment proper holds its first meeting Thursday, June 7th, at nine o'clock A. M. in the new High School building. To gain admission thereto, all members will be required to show badge and give Department countersign. The Woman's Relief Corps, Ladies of the G. A. R. Sons and Daughters of Veterans, hold meetings at the same time in churches assigned to them by the Bloomington Committee of Arrangements.

XII. On the evenings of June 6th and 7th there will be Camp Fires with music and speaking to entertain the visiting companies, their families and friends, which a large attendance is expected. Governor Lowden, Lieut. Governor Oglesby, Adjutant General Dickson, Commander in Chief Patterson, Department Commander Calhoun and others will make addresses.

XIII. The various railroads decline to make any reduced rate up to the present date, but should lower fares be granted, the local agent at your home town will give necessary information.

XIV. The parade is to take place Thursday, June 7th, at nine o'clock P. M. and the companies and ladies are to be carried in automobiles, thus doing away with the usual march on foot. It is advised that all companies of the First and Second Illinois Volunteer Infantry, held in one of the rooms of the new High School Building, June 6-8, which anyone can attend, and comrades, Albert E. Co. C. of Macomb, asks those who will be on hand to notify M. R. Metzger, Mohr, of other regimental rendezvous will be held during the Encampment.

ATTENTION MATR STARR  
POST G. A. R.  
All members of Matt Starr post No. 378 G. A. R. are requested to meet promptly at 9:30 a. m. Sunday morning for the purpose of attending memorial day services at the Church of Our Savior. Visiting veterans are invited to be present.

George Faul, Commander.

### W. C. HEADEN IS FOUND NOT GUILTY

Resisted Payment of Fine After He Had Been Arrested—Suit of John R. Robertson Against Insurance Co. on Trial

The jury which heard the evidence in the city case against W. C. Headen, who was charged with drunkenness brought in a verdict finding the defendant not guilty. This was the result of an arrest made by members of the city police force some months ago when Mr. Headen was fined in a justice court on the charge of drunkenness.

The case of John R. Robertson vs. Hartford Insurance company is now on trial before Judge Smith. This is a suit involving a shipment of cattle made to Mr. Robertson's ranch in Nebraska. His claim against the insurance company was based upon the statement that six cows died as a result of injuries received in transit and that twenty or more other cows were injured in a way which lessened their value about \$25 per head. Mr. Robertson is represented by Worthington, Reeve & Green and attorneys for the company are Binger & Hicks and W. T. Wilson.

The jurors in this case are Frank Sweeney, Leonard Dalton, Frank Hunter, P. E. Sheehan, C. H. Beerup, Albert Uhlen, J. L. Seymour, A. E. McCurley, Richard Standley, Grover Hart, J. O. Parker and William Douglas.

A number of orders were entered by Judge Smith. In the suit of Gates Strawn vs. John R. Robertson, trespass on the case, a rule was entered allowing the plaintiff until May 29 to file replication.

In the chancery suit of Maggie Hayes vs. H. A. Sulter, a decree was filed and approved.

A divorce was granted to Mrs. Inez E. Kennedy, who brought suit against her husband, Grover C. Kennedy.

A decree of foreclosure was entered following the approval of the master's report in the suit of G. A. Hobbs vs. Emanuel and Rosella Nunes.

### CHILD INJURED BY DOG.

Aileen Worrall, little two year old daughter of Mr. and Mrs. Henry Worrall of Murrayville, is suffering with blood poisoning in her right foot as a result of being bitten by a dog. The child was playing in the yard with a small dog when the animal pressed its teeth in on one little foot. The injury was not thought to be serious but the day following the baby's foot began to swell and she is now being cared for by a physician. It is greatly hoped that nothing serious will develop from the wound.

### DR. BUCKTHORPE HOME FROM WESTERN TRIP

Found Great Activity in Montana Land Sales—Values Have Doubled Since He Was in Same Locality Last October

Dr. Robert Buckthorpe has returned from a two weeks' trip to the northwest where he went in company with E. R. Simpson of the Smith-Hippon Grain company. The first objective point was Glendine, Mont., on the Northern Pacific, and subsequent stops were made at Terry, Harlowtown, Lewistown and Great Falls. From these towns trips were made for the inspection of land in the Judith basin. There is great activity in that locality just now and thousands of land buyers are coming in. There were seventy prospective buyers on one train on which Dr. Buckthorpe traveled. The land in that locality seems to be especially adapted for wheat which will grow when other crops will not.

Last October Dr. Buckthorpe was in the same locality on a hunting trip and he found that land values have almost doubled since that time. In October the most of the lands were priced from \$15 to \$45 an acre and now most of them are from \$35 to \$75 per acre. As a result of agitation of that subject Dr. Buckthorpe says that a great many college and university men are arriving in Montana to help with the summer work. Sixty to seventy five students had reached one of the cities above mentioned.

Dr. Buckthorpe has not decided yet whether or not he will make an investment in the locality he visited but he was very much impressed with the possibilities.

# MYERS BROTHERS.

### MRS. WILSON BRINGS WORD FROM FRANCE

Wife of Chicago Physician, Who Will Address College Club Today, Talks Friday Evening on Conditions at the Front.

An interesting account of war-time conditions in France and England was given Friday evening by Mrs. J. Gordon Wilson of Chicago, speaking to a company of invited friends at the home of President and Mrs. Charles H. Rammekamp. Mrs. Wilson will be the speaker today at the first annual breakfast of the Jacksonville College club. She is a guest of Dr. and Mrs. Rammekamp and of Miss Louise Capps. Physicians and nurses and others especially interested in Red Cross work made up the company Friday evening.

Dr. and Mrs. Wilson left Europe but little over a month ago and so the narrative and the quality of timeliness, combined with a thorough understanding of relief work secured by Mrs. Wilson thru many months of labor in administering the American Fund for French wounded. Dr. Smith has been serving meanwhile as an army surgeon for a Canadian contingent. Mrs. Wilson's address brought to her hearers a keen sense of what war means to a stricken people. Her days in France were filled with hard labor and she told her audience of the ever increasing burden which American agencies for relief will have to bear.

The speaker and her husband made the voyage on the same ship as Arthur J. Balfour and the English mission. They set sail from a port in Scotland, making the landing in Halifax, N. S., and coming thence to Chicago.

### K. OF C. EUCHE.

At the K. of C. eucure given Friday evening, Harry Ratigan of Bluffs and Miss Flora Oliverson were prize winners and Doolin's orchestra furnished music for the dance which followed. The committee consisted of Charles Blesse, chairman; James Coffee, John Fogarty, Fred Kumble and James Donovan.

A pleasing feature was added the gathering of the Knights when Lumex safety motion picture machine was installed and a half-hour trip to the principal countries of the world proved a delightful innovation. Stops were made at Niagara Falls, winter in India, Borneo and along the battle front in France. Kingsley Peace conducted the party. Elegant refreshments were served.

### AGREE ON MODIFIED CENSORSHIP.

Washington, May 25.—Conferees on the espionage bill have drawn a so-called modified newspaper censorship section which will be brought before congress with the influence of the administration for inclusion in the pending bill. It must be accepted by both houses to become part of the bill.

### MISSION ATTACHE TELLS OF ITALIAN FIGHTING

Assets Italy Fights for Same Principles and Ideals as President Wilson Laid Down in His War Address

Washington, May 25.—Italy is fighting for the same principles and ideals in this war that President Wilson laid down in his war address said Vittorio Falorsi, attache of the Italian war mission in an address to the National Press club tonight. The kingdom would have been traitor to civilization, he declared if it had not joined the allies.

"Italy, the moment Austria declared war on Serbia," said Mr. Falorsi, "denounced the alliance which bound her to Austria and Germany, in the full conviction that her former allies had embarked on an aggressive war which was not contemplated in that defensive alliance. For nine months she hesitated to know if she had the legal right, in accord with that treaty, to take up arms against her former allies, and when the people learned the real terms of that treaty, they simply swept the government into hostilities."

"Some people say Italy is not fighting in this war. Her total number of men under arms is 3,500,000. Her killed, totally disabled and prisoners already reach 200,000 and she is prepared to meet four times that loss if necessary. The 9,000 Austrian prisoners just taken on the Isonzo front would equal sixty thousand on the French front because of the compactness of the fighting and the appalling rate of casualties. The first rank in an advance in the Alps usually dies to a man."

"People in this country do not understand Italy and it is largely our own fault for not having taken better pains to present our case. I hope of the Italian mission is to bring about this closer understanding and affiliation between the two great countries."

### CREATE AUTO MOTIVE COMMITTEE.

Washington, May 25.—An auto motive committee of the National Defense Council was created today with Charles Clifton, president of the National Automobile Chamber of Commerce as chairman. Its function will be to advise on all matters in connection with the use of internal combustion engines, including the production of motor cars and trucks, military tractors, motor boats and airplanes. ### HIGH SCHOOL CLASSES IN ANNUAL PICNIC SUPPER.

Juniors of the high school entertained the senior class Friday for the annual picnic and the occasion proved one of thorough enjoyment for each of the one hundred and fifty in attendance. Glidden Reeve, president of the class, had much to do with the event's success as did Miss Anna M. English and W. H. P. Huber, the class advisors. The junior class committee, who prepared the luncheon under Miss Newman's direction, were Misses Starr Boston, Louise Boston, Inez Griffin, Esther King and Dorothy Smith. Among the guests were Miss Sophronia Kent and T. P. Carter, senior class advisors, Supt. and Mrs. H. A. Perrin, Principal and Mrs. T. W. Callahan and the other members of the high school faculty. The invitations sent out by the juniors were phrased in clever poetic form.

### PARK PAVILION IMPROVEMENTS.

Members of the park board are being freely complimented for the improvements made at the pavilion in Nichols park. The dressing rooms have been refitted with new curtains and rugs, there are coat hangers and other conveniences and altogether the pavilion is in an excellent condition. These improvements will be especially appreciated by those who attend dances or other gatherings at the pavilion this summer.

### For Tired Women With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills," Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2.

Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head always aching, nerves "on edge," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills.

They strengthen the weak, soothe kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

## TWO TORPEDOES STRUCK BRITISH TRANSPORT

Survivors of Transylvania Land  
In England

Ship Greatly Damaged by First Explosion but Captain Tries to Make Shore to Beach Ship when Second Torpedo Inflicts Death Wound to Craft.

London, May 25.—Survivors of the torpedoed transport Transylvania who are now in England, say that the vessel was struck by the first torpedo at 10 o'clock in the morning. The ship was greatly damaged but the engines were uninjured and the captain tried to reach shore, several miles distant, in the hope of beaching the vessel. A quarter of an hour later a second torpedo hit the engine room and the ship was brought to a standstill and began to settle.

Second Struck Loaded Boat. The first torpedo is believed to have killed a large number of men while the second caused the death of most of those in the engine room and wrecked the machinery, put out the electric lights and tore away a large part of the side of the vessel. It also struck a loaded boat, blowing it to pieces.

All the boats were rapidly lowered. The survivors were quickly rescued. The soldiers, who were lined up on the deck, shouted joyfully and sang "Tipperary" and other soldier songs. Destroyers raced to the rescue and worked energetically until crowded to capacity with survivors, many of whom were injured.

Accounts of Rescue Differ. Some say all who survived the explosion were saved and another account claims that owing to the rough sea and the dangerous position of the steamer, a party of about 450 soldiers could not be rescued. All accounts indicate that the great bulk of the casualties was due to the explosion of the torpedo and that none of the nurses were lost. The ship sank fifty minutes after a second torpedo struck her and the survivors were landed at a port where they were given a great reception. Captain Breuell, who jumped into the sea when the decks of the ship were awash, was picked up in an exhausted condition and died in a hospital ashore.

One of the nurses says that the lifeboat in which she embarked was much overcrowded and, notwithstanding constant bailing, was soon full of water, owing to the rough sea. She was washed overboard but swam back. The occupants of the boat were rescued by a destroyer after two hours at sea. Some of the men swam ashore.

### DECORATION DAY NEAR

Everybody is Urged to Bring Flowers for the Graves of the Soldier Dead

Wednesday next will be Decoration day and all who have flowers or can get them are urged to bring them to the G. A. R. hall opposite the Y. M. C. ## EUROPEAN RAILROADS LOSING EFFICIENCY

War H's Made Heavy Demands upon the Lines and Necessary Care of Trackage and Rolling Stock Impaired.

New York, May 25.—(By a Staff Correspondent of the Associated Press just returned from Vienna)—Central Europe's food problems have during recent months been adversely influenced by the fact that slowly the railroads are losing their efficiency and are no longer able to do their share in the distribution of these necessities. The war has made heavy demands upon the lines, and it has been impossible to give trackage and rolling stock the care they require.

For almost two years now, the railroads have been neglected. This and the heavy traffic over many of the principal lines due to the war has made the railroad system a mere shadow of what it was formerly. Ballasting has been very inefficiently done by old men, boys, women and prisoners of war, with the result that the war on the ties has been unusually severe, a condition which in its turn has caused a rapid deterioration of the rails and rolling stock.

Lack of skilled labor has prevented the state and private railroads from keeping the rolling stock in good repair. This compelled a lessening in the speed of trains. A reduction of carrying capacity of the roads, resulted from this. Locomotives especially are in poor condition. In their case neglect was added to more heavier service. It is doubtful whether in all central Europe it would be possible today to find an engine capable of performing a service within sixty percent of its former efficiency. Hardly a week passes without some wreck.

### GENEROUS GIFTS URGED FOR RED CROSS WEEK

President Wilson in Proclamation Designates Week Ending June 25 for Special Appeal to the Public for Assistance in Caring for Army.

Washington, May 25.—In a proclamation to the American people, President Wilson today designated the week ending June 25 as Red Cross Week and urged that during this period generous gifts be made to assist the organization in properly caring for the armed forces of the nation and the administration of relief.

The proclamation points out that every man, woman and child in the United States may do their respective "bits" by giving, in a spirit of patriotic sacrifice, for the maintenance of the Red Cross work while a small proportion of the population is serving the nation on the fields of battle. The text of the proclamation follows: "Inasmuch as our thoughts as a nation are now turned in united purpose towards the performance to the utmost of the services and duties which we have assumed in the cause of justice and liberty;

"Inasmuch as but a small proportion of our people can have the opportunity to serve upon the actual field of battle, but all men, women and children alike may serve and serve effectively by making it possible to care properly for those who do serve under arms at home and abroad.

"And inasmuch as the American Red Cross is the official recognized agency for voluntary effort in behalf of the armed forces of the nation and for the administration of relief.

"Now, therefore, by virtue of my authority as president of the United States and president of the American Red Cross, I, Woodrow Wilson, do hereby proclaim the week ending June 25, 1917, as Red Cross Week, during which the people of the United States will be called upon to give generously and in a spirit of patriotic sacrifice for the support and maintenance of this work of national need.

(Signed) Woodrow Wilson.

### BROOKLYN BRIDGE

Has a Birthday. New York, May 25.—The Brooklyn bridge started on the thirty-fifth year of its career today. It was on this date in 1883 that the great cable structure spanning the East River between Manhattan and Brooklyn was first opened to regular traffic. At first designed only for horse-drawn vehicles and foot passengers, the bridge for many years past has carried hundreds of electric cars and heavily laden elevated trains back and forth daily. Despite the additional burden imposed upon the bridge the experts who conduct periodical examinations of its cables and other parts declare, that the strength of the structure has never been impaired in the least by its many years of service.

### MEETING OF A. A. U. DIRECTORS

Cleveland, O., May 25.—The part that motor vehicles and improved highways may pay in warefare is the big subject to receive attention from the directors of the American Automobile Association at their annual session here today. The full membership of the board was in attendance when the meeting was called to order at the Hollenden Hotel this morning by President H. M. Rowe.

## 18,000,000 TO HOLD 'PATRIOTIC SUNDAY' JULY 1

International Sabbath School Body Plans Great Meeting to Back War.

One hundred and fifty thousand Sunday schools of America, with a membership of approximately 18,000,000 persons have been requested to observe Sunday, July 1, as "Patriotic Sunday." The campaign for the general observance of the day is being conducted by the International Sunday School Association, whose headquarters are in Chicago.

It is planned to enroll as members of the Red Cross Society, officers, teachers and as many others in the Sunday schools as wish to join.

Each school has been requested to make an offering toward the Red Cross Society of the day after the agency or the Army Y. M. C. A.

To Read Patriotic Messages. Patriotic messages from Washington, Lincoln and Wilson will be read in connection with the services in the schools.

Young men will be urged to enlist for active service in the war, and young women as Red Cross nurses.

It has been suggested that veterans of the civil war, the Spanish-American war and others who have served in the army or navy should be given seats on the platform in recognition of their patriotic service. A flag raising exercise with the school saluting the flag will be a feature of the service.

### President Outlines Plan.

"It is our purpose to enlist all Sunday school members in some form of patriotic service," said E. K. Warren of Three Oaks, Mich., president of the International Sunday School Association. "The lesson for the day is entitled 'Isaiah's Call to Heroic Service,' which is particularly appropriate for making a patriotic appeal."

Among other suggestions made by the association for the program are the following:

Recognition should be given to former members of the Sunday school who may have died in the country's service, and while their names are read the school should rise in honor of their memory.

Give recognition to the veterans who might be present.

Read the names of the young men who have enlisted for the war and the young women who will serve as Red Cross nurses.

Make a brief statement relative to the work of the Red Cross Society and the Army Y. M. C. A.

Distribute Red Cross membership registration blanks and have them signed.

### HIGH SCHOOL NOTES.

All tickets for the Jacksonville high school commencement exercises at the Opera House must be reserved. It is thought that all may not be aware of this fact and misunderstanding arise in regard to the matter, the Journal is therefore requested to give publicity in this regard. Reservations may be made at the high school office.

There will be a special assembly held Tuesday morning, May 29th at which time report cards will be given out. There will also be exercises in the nature of a farewell to the seniors at this time.

Baccalaureate services will be held Sunday evening at 7:45 o'clock at the Christian church.

The last issue of the Jacksonville Weekly Nautilus was published last week. Twenty editions of the paper being printed during the school year. The weekly publication of this snappy little school paper was a new departure from the old traveled rule of things this past year, and was in many ways a distinct gain over the monthly paper. The weekly issue kept articles printed a little more up to date, and made for a greater enthusiasm in school affairs. The management of the Nautilus is to be congratulated on the showing they have made in this new endeavor and should have the thanks of all student and friends of the school for their past year of hard work. They have set a high example for succeeding classes to follow.

## International Corn Planters Have a Habit of Pleasing

If your neighbor owns an International corn planter, you don't have to be told that he is satisfied. You know it, and we know it. The International corn planter satisfies because it is simple and because it plants corn the way you want it planted. A strong feature is the adjustable runner frame, keeping the runners even and the hoppers level, no matter what the height or speed of your team. This means accurate dropping and even checking instead of zig zag. It is a very convenient planter under all conditions.

The International is the corn planter that deserves to be looked over by every farmer who wants to get the most out of his cornfields. It wastes neither seed nor ground, it handles easily, and it lasts as long as any farmer could ask.

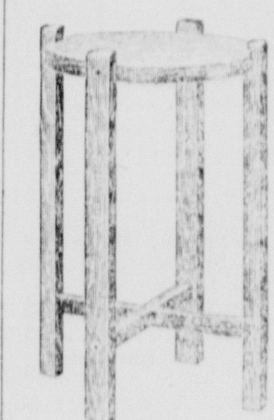

Come in the first time it is convenient and study an International planter. Made in five styles—own the style that suits you.

BLUE AND GRAY UNITE  
IN PLANS FOR REUNION

Of United Confederate Veterans  
Which Opens in Washington June  
4—Plans Have Hearty Approval  
of President Wilson—Historic Pa-  
geant to be Feature.

Washington, D. C., May 25.—Each  
day is giving more definite shape to  
the plans for making the annual re-  
union of the United Confederate  
Veterans, which is to open here a  
week from next Monday, a gather-  
ing that will recall the bravery of  
the Blue as well as the gallantry of  
the Gray. It is realized within and  
without administrative circles that  
the present great war and our partici-  
pation in it will be of little benefit  
to us unless it nationalizes us. Na-  
tional leaders, forgetting all parti-  
sanism at least for the duration of  
the war, declare that the more the  
men from all sections of the country  
intermingling the better it will be for  
all concerned.

It is with this in mind that the  
committee in charge of the coming  
reunion proposes to make the oc-  
casion one of jubilation of the veter-  
ans of the North as well as those of  
the South, to prove the determination  
of all sections of this country to wage  
to a successful conclusion the war  
of democracy against autocracy.

President To Review Parade.  
These plans have met with the  
hearty approval of President Wil-  
son, who will review the parade and  
who will address the gray-haired vet-  
erans. An equally hearty endorse-  
ment has been given the plans by  
General Eli Torrence of Minnesota,  
"Corporal" James Tanner and many  
others who are numbered among the  
most prominent members of the  
Grand Army of the Republic.

The work of scheduling the orga-  
nizations that are to take part in the  
historic pageant is being completed  
under the direction of Colonel Robert  
H. Harper, chairman of the re-  
union committee, and Colonel Hilary  
A. Herbert. The parade will be  
formed in three grand divisions. The  
first will be composed of the veter-  
ans and their sons and daughters.  
They will march to the stirring melo-  
dies of long ago played by the origi-  
nal "Stonewall" Jackson brass band  
of Staunton, Va., the gray-clad play-  
ers who furnished the martial music  
for the famous "Stonewall" brigade  
in the sixties. The second division  
will comprise military organizations,  
regulars, National Guardsmen and  
other units. The third division will  
be composed of civic associations and  
marching organizations.

Program Practically Complete.  
The program for the reunion is  
practically complete. Monday will  
be devoted to fraternal greetings of  
"Yank" and former "Johnny Reb",  
and the initial meeting in the even-  
ing of the Sons of Confederate Vet-  
erans. Tuesday will witness the open-  
ing session of the veterans and an  
address by President Wilson. In the  
afternoon the veterans and other vis-  
itors will be taken to the battlefields  
at Manassas, Va., and to Fort Ste-  
vens on the outskirts of Washington.  
It was on one of the parapets of this  
fort that President Lincoln was un-  
der fire the first time.

Wednesday afternoon of reunion  
week will be devoted to the Confed-  
erate Memorial Day services, which  
will be conducted at the memorial  
monument at Arlington National  
Cemetery. The parade of the gray-  
clad veterans will start at 11 o'clock  
Thursday morning. The route will  
be virtually the same as that follow-  
ed by the soldiers of the North in  
the grand review at the close of the  
war. At night the Southern Society  
of Washington will give a social  
function in honor of the visitors.

CHICAGO MAKES IT 3 STRAIGHT  
FROM WASHINGTON

Benz Pitches Fine Game with the Ex-  
ception of the Sixth Inning When  
He Weakens and Washington  
Bunches Three Hits for a Run.

Chicago, May 25.—Erratic playing  
by Washington enabled Chicago to  
make it three straight from the vis-  
itors today 5 to 1. Benz pitched a  
fine game, with the exception of a  
sixth inning when he weakened and  
Washington bunched three hits for a  
run which saved them from a shut-  
out. The fielding of Weaver and Ris-  
berg was the feature of the game.

made it two straight from New York  
today winning 6 to 5. New York led  
5 to 0 when Cleveland went to bat  
in the 9th. Howard batted for Ev-  
ans and struck out. O'Neill singled.  
Billings batted for Lambeth and  
Singlet. Graney doubled. Chapman  
singled and Speaker doubled. With  
three runs across and two men on  
bases Shocker gave way to Russell.  
Allison struck out. Wambagans  
scratched an infield hit scoring Chap-  
man. Guisto walked filling the  
bases. Howard came to bat again.

activities will be transferred to Gettysburg, Pa., where a magnificent  
monument erected to the memory of  
General Robert E. Lee by the State  
of Virginia will be dedicated with im-  
posing ceremonies. Practically all  
of the Southern veterans attending  
the reunion are expected to make the  
excursion to the battle field, and  
there will also attend thousands  
of the old soldiers who fought for  
the Union. On that day the Penn-  
sylvania town will step more than  
half a century backward into the ha-  
lo of history and look again upon an  
army of Gray and an army of Blue,  
meeting at her doorstep to recall  
memories of the greatest battle of  
the war between the States and to  
show the world that scars are not  
so deep as the feeling of American  
brotherhood.

Throughout the entire week there  
will be a constant succession of fea-  
tures of entertainment for the vis-  
itors. Those who return to Wash-  
ington from Gettysburg will spend Sat-  
urday in visits to historic points in  
and around the capital. In these  
trips the old soldiers will have the  
voluntary services of hundreds of  
Boy Scouts.

## Story's Exchange, Real Estate, Loans and Insurance.

## FARM PROPERTY

Excellent rains, excellent crops, excellent prices in an excellent com-  
munity should make excellent farms bring excellent prices. Brainy,  
thoughtful buyers of land are contracting now for best farms at old values  
to get the growing crop—it is an item. DO IT NOW.

Three-quarter mile to town, nearly all level farming land, with two  
sets of improvements, fine fruit, and a nice little country home.  
66 Acres—\$9000.  
30 Acres—\$3250.

A little Morgan County home, mostly fine farming land, new five room  
house, new barn 18x34x44. Young orchard, and a complete new home.  
BUY IT WHILE YOU CAN.

One-quarter mile to town on C. and A., near Jacksonville; fine prairie  
soil, well improved. YOU CAN'T BEAT IT.

A good Morgan County farm, half back land, well fenced, fair im-  
provements and PRODUCES THE CROPS.

## CITY PROPERTY

While some are quibbling about the unsettled conditions—afraid to  
invest a dollar, you just show us you have the nerve to back your judg-  
ment and take some of the best bargains the city has to offer.

West College Ave., 7 Rooms, Modern—\$4500.  
A south front residence, close in, fine shade, nice back yard and chicken  
yard, excellent exterior appearance, convenient interior arrangement, con-  
creted basement, hot water heat, first class condition throughout. Easy  
terms.

Hardin Ave., 7 Rooms, Modern—\$3350.  
Quarter sawed oak both floors, interior finish and decoration in keeping,  
a complete home close up to car line and depots. East front.  
East State, 10 Rooms, Modern—\$4500.  
Probably no better built house to be found in city, most completely  
finished in selected varieties of finest woods. Plenty of ground; barn gar-  
den, etc. YOU MUST SEE THIS ONE.

## MONEY

Your business is handled confidentially. While I am asking for a loan  
for you no one knows who wants it. You can't do that for yourself.

Jacksonville, Ill., May 19, 1917.

Mr. U. R. A. Friend,

Anywhere, Ill.

Dear Sir:

This is a personal letter to all live, up-to-date prospective automobile purchasers,  
and we know they will read every line of it as it is interesting.

The time is now here when you can obtain greater pleasure out of touring the  
country than at any other period. You owe it to your self and family to get some  
recreation and pleasure.

You can afford to own a real car when you can buy a "CHEVROLET" at the  
present price, and for a pleasure as well as a business investment you can never equal  
it anywhere.

Take it from us as a friendly tip and investigate at once the merits of this  
"WORLD-WONDER" in the auto field. We cannot commence to tell here in our  
limited space all the wonderful accomplishments of this "CHEVROLET."

Ask any user of the "CHEVROLET" what he has found to be true as to the merits  
of this car.

Why, everybody that knows car value always says, "It is the best value in the  
world," and ends up by stating, "BE SURE AND BUY A CHEVROLET" and you will  
be more than pleased."

Take time by the forelock and call and see our Mr. Wm. Newman Jr., allowing  
him the pleasure of demonstrating to you just what can be done and how well you  
will be pleased.

Yours very truly,

**A NEW VOLUME ABOUT THE WAR**

THE publishers of The Encyclopaedia Britannica announce that they have made arrangements for the issue, as soon after the end of the war as possible, of a new volume, containing a full and authoritative history of the war.

The new volume will be written by scholars and experts of the same high character as those who wrote for the Britannica itself, and by many of its own contributors. It will be absolutely impartial, excluding all partisan feeling and prejudice. It will contain:

1. A full and accurate account of the real causes of the war, the progress of the struggle, and the results all over the world; with maps, as necessary, to show changes in boundaries.
2. The lives of the new leaders, whether civil, military or naval, in the belligerent countries.
3. The results of the war outside the sphere of fighting, the progress of surgery, the prevention of contagious disease, the new scientific discoveries, etc.

The new volume will bridge the gap between the days of peace before and after the war. It will be printed and bound to match the Britannica and the publishers guarantee that no matter how difficult and costly the supplementary volume may be from the editorial point of view, the price of it to all who purchase the Britannica during the present sale will not be more than that of a corresponding volume of the Britannica.

*H. B. Stanford* President.

to be followed by small, convenient monthly payments for a limited period.

**See order form**

The entire set of 29 volumes are yours to use and profit by while you pay for them.

**IMPORTANT—PLEASE READ**

As so few sets are left of The Encyclopaedia Britannica, "Handy Volume" Issue, printed on India paper, we are obliged to state that no order can be accepted with the privilege of returning the set. Any other course would be unfair to our customers and to ourselves. It is evident that we shall receive thousands of orders in excess of the number we can fill. To take back sets from some customers after refusing, for the want of stock, the orders of others, would be manifestly unjust to those whose orders were refused. It is understood, therefore, that this order for The Encyclopaedia Britannica is not subject to our usual rule of return of goods and refund of money. We guarantee delivery in perfect condition and that The Encyclopaedia Britannica will be exactly as represented. Please bear in mind that this is the condition on which we ask you to send in your order.

SEARS, ROEBUCK AND CO., Chicago, Ill.

May 26, 1917.

Please send me a set of the new Encyclopaedia Britannica, 11th Edition, "Handy Volume" Issue, printed on India paper, in the style of binding I have marked below with an X. I enclose \$1.00 now as first payment, and I agree to pay the balance, beginning 30 days from date, in monthly payments as printed opposite the binding chosen. When I have paid in full, the Encyclopaedia becomes my property.

- Put an X in the square opposite the style of binding desired and opposite bookcase if wanted.
- |   |   |
